don't think they have power in the entertainment industry, when you look at movies, and they run the credits, look at the names of those who are the directors, the producers, many of the actors. That is the realm where opinions are formed, manipulated, and projected on the public. So you all are simply the subjects of a magnificent propaganda campaign, and I'm sure they learned some of it from studying the Nazis, and they incorporated the most effective tactics of the Nazis. And the one principle that the Israelis use, if you tell the biggest lie or big enough lie long enough and often enough, people will accept it without question, and that's what they've been doing. You all may not have heard of Mossad, the Mossad, M-o-s-s-a-d? Well, Israelites don't even use that term. They pretend that it doesn't exist, but you know what they boast about doing? They are able to duplicate the visas and passports of every country on the face of the earth, and they've also shown that they can counterfeit the currency of any and every country. You all didn't know that? You think I'm lying? Read and study and find out. They infiltrate governments. They buy the loyalty to Israel of people in other countries, and in those countries they would be deemed traitors. They're very effective in what they do. And they have assassination squads that they send throughout the world, and they have committed assassinations as a tactic against Palestinian leaders or those suspected of being...
